UT2004 bots made easy!

Final Exam

One last step ahead of you,
before you become officially entitled THE ...

Exam Steps!

Go go go!

- If possible, copy your UT2004 installation into the root of your C drive, so it resides at this path: `C:\UT2004`
- Have the task package extracted preferably at location `C:\Exam\Task`
- Patch UT2004 installation, overlay
`C:\Exam\Task\UT2004 -> C:\UT2004`
- Read `C:\Exam\Task\HLAA2021-FinalExam-Task.pdf`
- Code the guard suite for VIP Chuck Norris!
- If you have questions, I am available at
<https://whereby.com/jakub.gemrot>
or at Discord
my name there is Jakub Gemrot#7541
or at Skype
my nick there is jakub.gemrot
or call me directly +420 724 508 170

Exam Deadline!

Time is ticking ;-)

SUBMISSION DEADLINE IS

30.6.2021, 17:00 CEST

When you are done (or deadline is approaching), perform the following steps:

1. Edit **README.TXT** within **CounterBot-Java** folder and document what behaviors you have been working on and what is their status
2. Zip up your **CounterBot-Java** folder
3. Submit me the zip via, e.g. <https://wetransfer.com>, to my email address jakub.gemrot@gmail.com

Thank you for attending the course!

Now go and spread IVA religion!
